The extended abstracts are planned to be published in a special issue in one of the journals of the Springer nature publishing house, as well as E3S and IOP journals (included in the Scopus and WoS databases).

Origin, motivation and contribution

Papers which are prepared for publishing should be original research manuscripts, never published before and not under consideration for publication in any other conference proceeding (journal etc.). All papers are supposed to present novel research results of

international interest. Papers need to be related to the main topic of the conference and conference topic fields. We publish papers written in good English only. All papers are reviewed by a native speaker. All papers are thoroughly checked for plagiarism. Acceptable minimum of originality is 90%. All papers should be not less than 6 pages (recommended 8-12 pages).

Ethics

The conference Program Committee complies with the ethical standards adopted by the scientific community, in particular, with the guidelines of the [Committee on Publication Ethics](#). If a paper contains figures or tables taken from other sources, the author must get the respective permission for reproduction them from the corresponding publishers.

Authorship

Number of authors in a single paper is 6 person maximum. One person can be the author of not more than 2 articles. The corresponding author is the person chosen within the group to be responsible for all contact and correspondence with the periodical. The corresponding author should ensure that all appropriate co-authors (and no inappropriate co-authors) are included in the paper, and that all co-authors have seen and approved the final version of the paper and agree on its submission for publication.

Participation:

Participants present reports within the sections in the oral format (10 minutes with a presentation in pptx format), video reports, as well as a poster section.

Oral reports are presented in the form of a presentation with a pptx file.

The wall report is done in zoom. The time is no more than 2 minutes for the presentation of several pptx slides.

Video reports are presented in the form of a presentation of 6-7 slides with audio accompaniment in English. The picture should be clear and the information should be well readable, and the sound should be clear and loud.
